# Sumario

## Actualización

- Hiperglucemia y cirugía ..... 184  
Abelardo García de Lorenzo y Mateos, Jesús Manuel Culebras Fernández
- Anemias nutricionales ..... 191  
Raquel de Paz

## Novedades terapéuticas

- Alergias alimentarias: ¿empiezan a ser una epidemia? ..... 200  
Ana de Prato, Javier Romeo, Javier Linde, Julia Wärnberg, Ascensión Marcos

## Comentarios bibliográficos

- Coordinadores: Pedro Pablo García Luna, José Luis Pereira Cunill ..... 209**
  - Comparison of the Atkins, Ornish, Weight Watchers, and Zone diet for weight loss and heart disease risk reduction: a randomized trial
  - Hyperinsulinemic hypoglycemia with nesidioblastosis after gastric-bypass surgery
  - The glycemic index of foods influences postprandial insulin-like growth factor binding protein responses in lean young subjects
  - Non-surgical management of a lymphatic fistula, after laparoscopic colorectal surgery, with total parenteral nutrition, octreotide, and somatostatin
  - Resting metabolic rate is an important predictor of serum adiponectin concentrations: potential implications for obesity-related disorders

<b>Coordinadora: Marcela González Gross</b> .....	217
○ Functional foods in the management of obesity and type 2 diabetes	
○ Rheological characterization of a novel functional food: tomato juice with soy germ	
○ Lack of effect of dietary conjugated linoleic acids naturally incorporated into butter on the lipid profile and body composition of overweight and obese men	
○ Diversity, vitality and activities of intestinal lactic acid bacteria and bifidobacteria assessed by molecular approaches	
○ Functional foods: a survey of health claims, pros and cons, and current legislation	
<b>Coordinadoras: Julia Álvarez Hernández, Emilia Cancer Minchot</b> .....	225
○ Effect of <i>Lactobacillus gasseri</i> PA 16/8, <i>Bifidobacterium longum</i> SP 07/3, <i>B. bifidum</i> MF 20/5 on common cold episodes: a double blind, randomized, controlled trial	
○ The metabolic syndrome—a new worldwide definition	
○ An epidemiological evaluation of the prevalence of malnutrition in Spanish patients with locally advanced or metastatic cancer	
○ Hypocaloric feeding of obese patients in the intensive care unit	
<b>Coordinadora: Tania Garrigós Rubio</b> .....	233
○ Parenteral nutrition-associated cholestasis in neonates: multivariate analysis of the potential protective effect of taurine	
○ The role of macronutrients in gastrointestinal blood flow	
○ Pediatric short bowel syndrome: redefining predictors of success	
○ Nutritional aspects of manganese homeostasis	
○ Bio-ecological control of acute pancreatitis: the role of enteral nutrition, pro and synbiotics	

## Guías prácticas

○ Recomendaciones y guías de práctica clínica .....	244
Carlos Ortiz Leyba	

<b>Test de evaluación</b> .....	252
---------------------------------	-----

# Contents

## Update

- Hyperglycemia and surgery ..... 184  
Abelardo García de Lorenzo y Mateos, Jesús Manuel Culebras Fernández
- Nutritional anaemias ..... 191  
Raquel de Paz

## Therapeutic novelties

- Food allergy: is it becoming an epidemic? ..... 200  
Ana de Prato, Javier Romeo, Javier Linde, Julia Wärnberg, Ascensión Marcos

## Bibliographic comments
